**Safety Rules to be followed (as per SSR's):**

- When on the property, bolt action rifles have the bolt removed at all times.
- Only when the mound is open and it is your turn to shoot, your rifle needs to face the target, then the bolt can be fitted to your rifle.
- All firearms must have a chamber safety flag inserted into the action and the bolt removed.
- Lever action and pump action, breach to be kept open with safety flag inserted.
- Rifles to be handled pointed straight up.
- If sighting in, please bore sight and then adjust sights before firing first sighter.
- Range officer is to clear rifles before aiming at target can cease.
- Misfire(s): Rifle to be kept aiming on target for the first 30 seconds. The Range Officer to clear rifle before rifle aim on target can be ceased.
- When range closed (for example to change targets), no rifles to be left on the mound. A red flag will indicate this on the mound.
- Full cover footwear must be worn at all times on the firing line and in the butts.

**Shooting positions:**

- prone (lying)
- sitting with table bench (approved by range officer)

Shooters who shoot tight groups, to save on targets, please apply up to five groups per target. This can be prepared by the use of small colour patch stickers to aim at.
